INDOOR RECREATION SURVEY

We would like to know your thoughts about the possibility of collaborating with other cities to create a new Community Recreation and Wellness Center.

Last year Hyrum, Wellsville, & Nibley citizens were asked about interest in and willingness to financially support creating an indoor recreation and wellness center in the USU Wellbeing Survey. A follow-up survey has been created to determine if there is interest in supporting a Community Recreation and Wellness Center that would serve the needs of southern Cache County. The survey will also provide an opportunity for you to share what programs and amenities, if any, might be a valuable addition to the community and help us more fully understand your level of interest and support.

This survey is easiest if taken on a computer and will likely take around 5 minutes to complete. Hard copies of the survey are available at the Wellsville City Office.
